

EcoFlex™ Modular Systems

Sustainable Performance with Ergonomic Benefits

EcoFlex is the premiere cushion back carpet tile for performance and comfort. It's advanced composite structure creates the most stable modular platform while offering superior resiliency and delivering maximum comfort underfoot. The result - a modular system that is ergonomically effective and environmentally friendly.

ADVANCED ERGONOMICS

- Unsurpassed comfort underfoot – reduces leg fatigue and reduces falls
- Superior acoustical and sound absorbing properties
- Excellent cushion resiliency
- Superior thermal insulation benefits over hard-back tile
- Withstands the toughest rolling and foot traffic

SUSTAINABILITY

- Contains 10% post consumer and 2% bio-based content based on total product Weight*
- Certified at the Platinum Level in accordance with NSF/ANSI 140 the Sustainability Assessment for Carpet
- Contains no plasticizers, no PVC
- Recyclable through Mohawk's ReCover program
- Meets USGBC LEED® criteria for recycled content and rapidly renewable material
- CRI Green Label Plus certified

* Use of ColorStrand Nylon increases the pre consumer recycled content

* LEED and the related logo is a trademark owned by the U.S. Green Building Council and is used with permission.

SUPERIOR PERFORMANCE

- Unsurpassed dimensional stability – no growing or shrinking
- Superior appearance retention – no edge ravel, zippering or delamination, high tuft bind
- Advanced Thermoset polyurethane compound gives long term strength and stability
- Moisture barrier meets the requirements of the "British Spill and 10,000 Impact Penetration" Test (not at seams)

EcoFlex™ Warranty Highlights*

The Mohawk Group's EcoFlex Modular Carpet Tiles form the industry's most stable, ergonomically efficient and advanced composite ever introduced. Lifetime warranties* protect your investment against all performance failures that are critical to modular effectiveness. EcoFlex also contains both post-consumer and post-industrial recycled content, making it environmentally friendly.

ITEMS UNDER WARRANTY

WEAR

Carpet maintains at least 90% of surface weight LIFETIME

STATIC PROTECTION

Carpet will not give static discharge above 3.5 KV LIFETIME

EDGE RAVEL

No carpet ends will come out at lengthwise seam LIFETIME

ZIPPERING

Carpet will not zipper or develop continuous yarn run LIFETIME

DELAMINATION

Carpet will not delaminate (separate from the backing) LIFETIME

IMPERVIOUS TO LIQUIDS

Carpet will not lose usable properties from normal activity LIFETIME

Liquid barrier (Non-seam areas) LIFETIME

DIMENSIONAL STABILITY

Carpet will not shrink or grow LIFETIME

Carpet will not be affected by atmosphere, temperature or humidity (cupping, doming, dishing) LIFETIME

Cushion resiliency LIFETIME

Tuft bind control LIFETIME

LIMITATIONS

The Mohawk Group EcoFlex Warranty does not cover damage caused by abnormal use or damage not rising out of a defect in the carpet. This includes burns, tears, pulls, cuts, installation on stairs or damage caused by improper maintenance or damage in transit.

Excludes edge ravel to access floor outlets or trench header ducts.

Excludes dye lot variation or change in color due to improper maintenance.

Excludes conditions resulting from other than ordinary wear.

Lifetime of Carpet is defined by The Mohawk Group to be the lifetime of the original purchaser for a particular installation.

* See The Mohawk Group official warranty documents for further details.

Our sustainable technologies help keep carpet on the floor longer. And when its time to recycle your old carpet, call our toll free hot line 877-3RE-CYCL and we'll handle the rest.

Printed on recycled paper made from 100% recycled fiber including 100% post-consumer fiber, and meets the Environmental Defense definition of TCF (Totally Chlorine Free). LEED and the related logo is a trademark owned by the U.S. Green Building Council and is used with permission.
