

PERMALINK®

CARPET OVER CARPET ADHESIVE FILM

- ELIMINATES TEAR OUT AND LANDFILL OF OLD CARPET
- OLD CARPET ACTS AS A PAD
- CRI GREEN LABEL PLUS APPROVED

PermaLink® from the Mohawk Group is a unique adhesive film that allows new EcoFlex ICT carpet tile to be installed directly on top of previous broadloom carpet

- Engineered to last for multiple installations.
- Engineered to create a moisture barrier at the seams in direct glue installations only.
- Eliminates tear out and landfill of old carpet
- This practice allows you to divert old carpet from landfills by repurposing it as carpet pad
- Only with PermaLink®'s high-performance, dimensionally-stable film system can existing carpet be turned into ergonomic cushion
- Mitigates costly asbestos abatement
