About FlexLok

FlexLok tab system virtually eliminates harmful VOC’s, this odorless dry installation system can be used in place of the traditional wet spread adhesives method. This system is performance without compromise and can be installed on any substrate. FlexLok provides a faster install with the flexibility of a floating modular floor with no glue.

- Declare, HPD and CRI Green Label Certified.
- FlexLok system works on all Mohawk modular products with the exception of the Tuff Stuff II collection or cushion backed products.
- EcoFlex ICT Backing – Moisture conditions not to exceed 80% rH
- EcoFlex NXT Backing – Moisture conditions not to exceed 99% rH
