CAMÉLIA ROSE
I was honored to partner my new collection, Camélia Rose, with Durkan and Susan G. Koman’s fight against breast cancer. My family has had to deal with cancer, and my father is a cancer survivor. I can only imagine how difficult it is to go through and how strong one has to be to get through.

This writing is what I felt led to share with you all ...

“Look to the rose, not the thorns. Though she be fragile, there is strength within those velvet petals. There dwells a purity in this loveliness. A deep & layered beauty, petal by petal, from the inside to the out. Symbolic of love & of grace. Her face always gazes up towards the sunshine. Towards love & towards hope. The master artist, the Lord himself, has dressed every Rose & every blossom And loves & cares for each & every one.”

Both the Rose and Camélia flower over centuries have been a symbol of longevity and purity, and the rose is especially symbolic of love and passion. In the Victorian Era, when pink and red Camélias were sent to someone, it meant that you were the flame in their heart. To all the women who have gone through suffering or loss, who show us and inspire us with their beauty and strength ... to me, you are all “the flames in our hearts.”
