The Healthy Environments collection is inspired by the alluring, soothing colors and textures of species native to the desert Southwest. In addition to their natural beauty, the inherent hardiness of these plants provides a paradigm for perseverance through difficult challenges and environments. Drawing inspiration from these plants and biophilic design, the Healthy Environments collection was created to advance healing and productivity in healthcare interiors.

**Healthcare Flooring SOLUTIONS**

Mohawk Group believes healthy environments nurture the positive connections that enable patients and care providers to thrive. Our healthcare segment specialists and creative team integrate design, research and development, technology and sustainability to foster high-performance spaces that empower the human mind, body and spirit. Our innovative flooring solutions for healthcare offer the following key advantages:
Mohawk Group has pioneered a new fiber technology for commercial flooring applications that utilizes the power of the triangle to produce our best performing sustainable carpet fiber. Duracolor® Tricor delivers exceptional colorfastness with enhanced soil performance, clarity of color and durability. Carpet made with Duracolor® Tricor is recyclable, easy to maintain and features inherent stain resistance with water-only stain removal.

**FOREVER STAIN FREE**
- The high-performance shape of the modified delta improves resilience and reduces surface wear of carpet
- Duracolor® Tricor Fiber has a negative charge that repels 99% of negatively charged, common staining substances
- Single Triangular Hole provides the best soil hiding capability and controlled light diffusion for clearer, brighter colors
- 96% of all common stains removed with just water
- Passes AATCC Test Method 175 combined with pre-abrasion meeting GSA requirements for stain resistance

**FOREVER SUSTAINABLE**
- Made with a minimum of 30% recycled content**
- No Chemicals required: 96% of all common stains clean with just water
- Duracolor fiber is Red List Free.
- Lasts Longer: Product life is extended, reducing the impact to your bottom line and to the environment
- Recyclable through Mohawk’s ReCover Program

**FOREVER BEAUTIFUL**
- Unsurpassed colorfastness to light and atmospheric contaminants so colors won’t fade
- Unmatched design flexibility without compromising color retention or stain resistance

OUR COMMITMENT

As a Gaia sponsor of the International Living Future Institute (ILFI), we are committed to revolutionary programs that are redefining the green building movement. These include the ILFI’s Living Building Challenge, Living Product Challenge and Declare program.

Declare Labels are a ‘nutrition label’ for the building industry, providing ingredients, source and manufacturing locations. We offer you:

- The most products with Declare Labels
- The most Red List Free products

We have eliminated the mystery of product ingredients so you get total product transparency.*

*Transparency documentation can be found at mohawkgroup.com/sustainability/product-transparency

Mohawk Group utilizes multiple platforms for disclosing our transparency information, including Mindful Materials and the Declare Database.*

Transparency SUSTAINABLE LEADERSHIP

Mohawk Group leads the building products industry in transparency with the largest selection of products with Declare Labels, Health Product Declarations (HPDs), and Environmental Product Declarations (EPDs). What’s more, we offer over 500 Red List Free Declared products.
