Mohawk Group continues to be a leader in sustainability and design, creating quality, high-performance, and engaging soft surface flooring. Infinite Impact carpet plank is derived from this key direction on design and sustainability, constructed of EnviroStrand solution-dyed polyester fiber. With its modern tactile attributes, Infinite Impact features six natural chameleon colorway combinations that not only visually inspire, but help reduce environmental impact as well.

Through the EnviroStrand fiber platform, Mohawk Group gives new purpose to discarded plastic bottles by turning them into PET carpet fiber. In manufacturing products like Infinite Impact and similar carpet styles, Mohawk Group diverts billions of these bottles from landfills, waterways and oceans each year.
Infinite Impact 949 Polished Pewter, Centrato 929 Oyster (Basket Weave Installation)
Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk’s floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk’s floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.

**Specifications**

### Infinito Impact BT499 / QB499

**Carpet Plank**

**DESIGN**

- **Size**: 12" x 36" (.3048m x .9144m)
- **Surface Appearance**: Textured Patterned Loop
- **Fiber Type**: EnviroStrand™ PET
- **Dye Method**: Solution Dyed
- **Installation Methods**: Monolithic / Monolithic Stepping / Half-Lap / Plank-Half Lap / Brick Ashlar / Random / Hemstitch / Basket Weave
- **Colors Available**: 6

**PERFORMANCE**

- **Construction**: Tufted
- **Gauge**: 1/12” (47.00 rows per 10cm)
- **Soil Release Technology**: EcoSentry Soil Protection
- **Backing Material**: EcoFlex™ Matrix
- **Flammability**: ASTM E 648 - Class 1 (Glue Down)
- **Smoke Density**: ASTM E 662 - Less than 450
- **Static Propensity**: AATCC - 134 Under 3.5 KV

**SUSTAINABILITY**

- **Indoor Air Quality**: Green Label Plus Certified #100355

**SERVICE**

- **Warranties**: 10 Year Limited Wear Warranty, 10 Year Limited Static Protection, 10 Year Stain Resistance Warranty, 10 Year Limited Colorfastness to Light, 10 Year Limited Colorfastness to Atmospheric Contaminants

**WARRANTY**

- 10 Year Limited Warranty for: Wear, Static, Stain resistance, Colorfastness to Light, Colorfastness to Atmospheric Contaminants

**PERFORMANCE**

- An amazing range of style and color options available for design flexibility
- EnviroStrand™ SD is constructed with our patented technology, providing the ultimate innovation in PET carpet
- EcoSentry Soil Protection
- Ease of maintenance

**SUSTAINABILITY**

- Contains a minimum of 90% post-consumer recycled content
- Requires less energy to produce in the manufacturing process
- Through our patented process, Mohawk recycles 6.2 billion PET bottles every year. That equals about 45% of all plastic bottles collected in North America, and if placed end to end, the bottles would circle the earth 31.4 times
- CRI Green Label Plus® certified

**Envirosstrand™ SD**

Envirosstrand solution-dyed fiber aligns Mohawk Group’s industry leadership in sustainability and design to create reliable, high performance, visually stunning carpet. Giving new purpose to discarded plastic bottles by turning them into PET carpet fiber, which requires less energy to manufacture, Mohawk Group utilizes a patented process that enhances the strength of the yarn while incorporating a multi-step purification process that ensures that the carpet resists dirt, grime and contaminants. Envirosstrand fiber is also offered in a flexible collection of color options that is used to produce new product styles.
