SANTHIYA Collection
By Virginia Langley

SANTHIYA

Santhiya means “natural beauty” in Thai and is inspired by travels to faraway places where natural wonders inspire and captivate the senses.

The designs have a retro influence with a fusion of transitional and modern abstracted styles to give them diversity of use. Flavors of organic elements are stylized with Ikat and Persian fashions to create modern glamour and sophistication with a casual flare.

The aura and warmth of Santhiya shines through each design in this collection with a range of diverse contemporary patterns and textures and a blending of modern interior design trends.
